PRINCIPAL

I looked back at what I wrote in the Yearbook last year and it is hard to believe we are in the second year of a pandemic.

Having more of an idea about what lay ahead we started the academic year with a raft of health protocols, hybrid schooling models, different scheduling designs, static rooming for students attached to words like 'bubbles' and 'pods', mask wearing, temperature checking on entry to school, hydrostatic disinfecting, lots of hand washing and sanitizing, and the list goes on. As the days turned into weeks we remained impressed with how students and staff adapted and moved our school forward. The desire to get on with what was needed to be done was in true Warwick Academy spirit and the relief at being back in physical school was palpable. The downside, however, was that in this 'now normal' we lacked the variety brought with sport, music, drama, community service projects, House events, field trips, and the like that we were so used to. The focus was very much on delivering learning in the classroom safely, and moving through the pandemic.

Again, we were forced into being innovative. Our Student Leaders, Student Council and staff reinvented the way we did things – we held online assemblies, virtual parent teacher conferences resembling 'speed dating', Teams meetings, a Covid compliant spirit week, Year group specific sports days, Kahoots and more Kahoots, a new House quiz event, we videoed music ensembles, held virtual cooking events, different WAPTA events and so many more ways of engaging our school.

We officially opened the Marine Science Facility and, whilst difficult to run under Covid protocols, have been able to get many students down to the facility to benefit from all that it offers. The other initiative we launched had a sustainability focus with the announcement of a solar project on the Science Block which will save the school a considerable amount of money in the future.

Our #flexibility theme for the year proved an excellent choice ensuring we remained nimble, planned for various scenarios and ensured that we remained forward looking and positive. No doubt our collective resilience helped.

This all came to an abrupt stop during the Easter holiday with a stay-at-home order from Government. As nimble as we had been before, we pivoted into our remote learning environment and delivered four weeks of learning online.

Unfortunately IGCSE and IB examinations were cancelled and we had to roll out the Graduation Bus again, however, this time were able to hold a small physical Graduation event in June.

It was then back into physical school and the run-in to the summer holiday, cramming in as much as possible by way of sports days, the Duke of Edinburgh, Endeavour, field trips, outdoor play, Jerusalema, 'virtual' Ag Show contributions, mini-floats and so on.

I thank our staff for their immense efforts this year, our students for so wonderfully displaying patience and fortitude, parents for your unwavering support and so many alumni who made us proud on island and around the world contributing to beating the pandemic.

We are 1662STRONG

Looking back on last year's Yearbook I notice I finished off my introduction to the Primary section by saying that I hoped that 'next year would be less interesting'. 'Interesting' is a word my mother used to use when describing something she did not totally approve of. I think I can say this year was definitely not less 'interesting' and was possibly even more 'interesting', but we made it through and we managed to navigate it together – so this Yearbook is a celebration of great teamwork!

In Term 1 we started the year with our tried and tested Covid 19 health protocols in place and were truly happy to be returning to school physically, even though we recognized the scenario was not going to be exactly what we would have wished for. We enjoyed a virtual Lower Primary concert and a mixture of virtual and physical Parent Teacher Conferences. Assemblies took place as usual but were, of course, virtual. We also managed to provide after school care from Term 1 for the whole of the year- thanks to our dedicated team of staff.

In Term 2 we were able to offer limited afterschool activities to our Upper Primary students and again ran a mixture of virtual and physical PTCs. We also worked hard to run a variation on our Easter Competition and students took part in the MOED Schools' Virtual Art Show- "Still I Rise". Our House Captains ran a 'Design a House Mascot' competition – which went down very well.

At the start of Term 3 we were thrown back in to remote learning – something we had hoped to avoid. Once again teachers, parents and students excelled themselves and made the most of a less than ideal situation. Everyone was thrilled to be back in school for the second part of our final term. There were a lot of very happy parents at drop off that first morning back and a lot of happy students and staff as well. During our final term we tried to balance fun activities with assessment and continued learning. The Student Council ran a comic strip competition and we entered artwork in the Virtual Ag show. We tried to make party days and our Y6 end of Primary activities as much fun as possible and the icing on the cake was our Y6 Celebration event, which we managed to do physically on a class by class basis, even being able to invite in a limited number of adults.

We approached things literally one week at a time this year, always working hard to be aware of changes in the rules and guidelines! Even with all the restrictions in place the teachers managed to provide stimulating learning experiences for the children from snail races and trips to Warwick Playground in Reception through to visits to the Marine Science Facility in Year 6 ; in fact, Year 3 also visited the Marine Science Facility as part of their Bermuda unit of study. The PE team also managed to cap the year off with some fun games and sport activities for each year group.

So, another unprecedented year ends, and I am sure that, like me, we are all hoping for something a little closer to the old 'normal' in September. I will be keeping my fingers crossed during the summer holiday and watching the developments in the ongoing drama that is the Covid-19 pandemic with interest.

Enjoy this Yearbook and I hope you have a peaceful and happy summer.

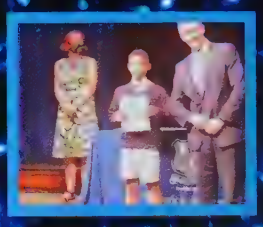
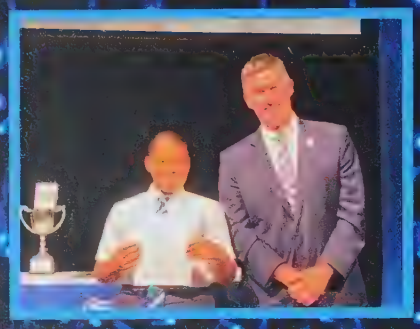
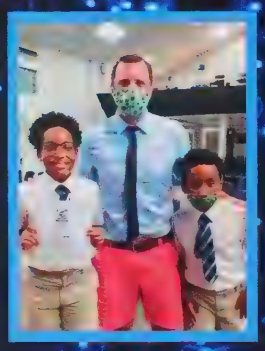
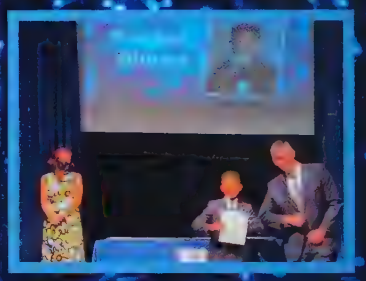
CLASS of 2028

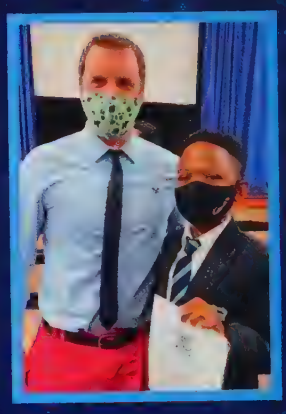
Year 6



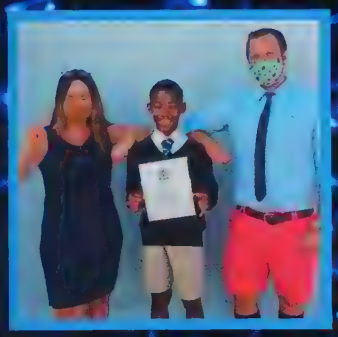


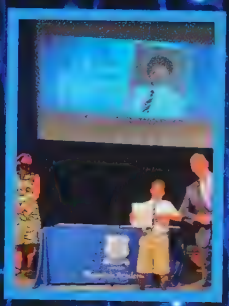


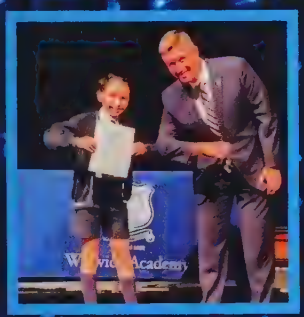


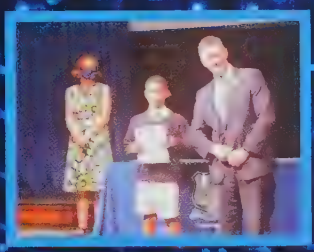


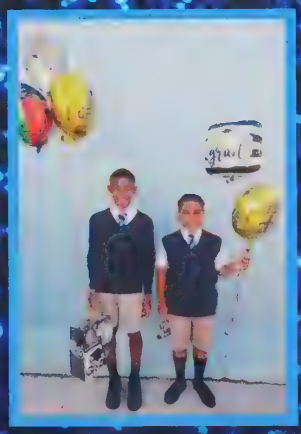
Celebration

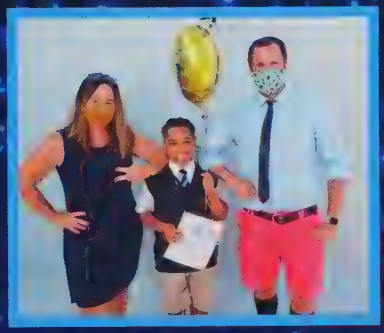


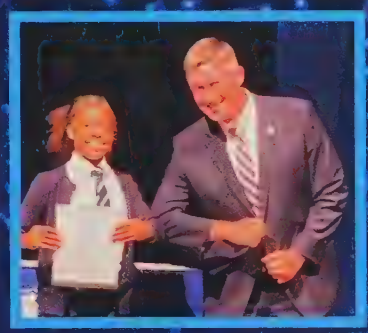


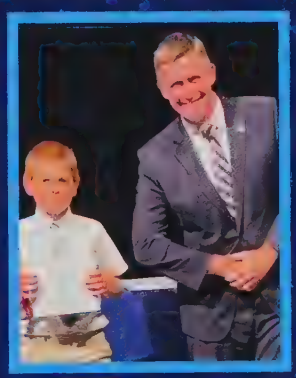


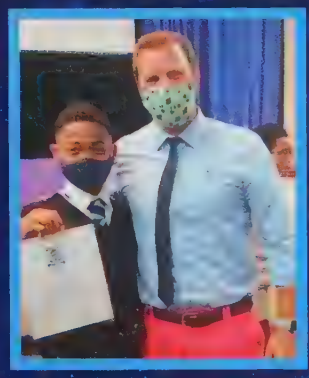












There's supposedly a Chinese curse that goes "May you live in interesting times." Well, this last academic year has proved to be a lot more interesting than anyone expected or wanted.

This was my first year as Head of Secondary and it was not really the year I had envisaged. A “baptism of fire” would be an apt expression! But we have survived, and I am extremely grateful that we have had the support of every student, parent, teacher and staff member.

At the end of each year, I like to look back and reflect on what we can take away from this year. Without a doubt, we have learnt how adaptable we can be when faced with challenges and barriers! In 2020-2021, we learned what it is to be locked down, bubbled, hand sanitised, isolated, socially distanced, masked, traced, tested and quarantined. #flexibility indeed! With technology and creativity, we were able to maintain our sense of community. How we respond to life’s challenges, makes us stronger and builds our confidence.

I want to congratulate the “Class of 2021” for their resiliency. Having worked so hard to prepare for exams, the rug was pulled out from underneath you at the last minute. I wish you the very best in your future endeavors! Not even a global pandemic could stop you!

We continue to be innovative and creative with how we delivered some of our ‘extras’ this year. As a school, we have missed out on so many things this year, but we will return stronger and with a renewed focus to get back to what makes Warwick Academy ‘so much more than a place to learn’. We do not know what the next year will have in store for us, however, we will continue to face down the challenges posed by the pandemic with determination to get back to normal.

I would like to say a big thank-you to your teachers for their commitment to you throughout the school year. Almost every aspect of their professional lives changed this year and they had to be more flexible than ever to meet your needs!

Finally, a thank-you to you, the students. For working hard this year, for following all of the necessary protocols and being the lifeblood of the school. My favourite part of everyday is the interactions I have with all of you. Best wishes to those students who are leaving us. We wish you well for the future.

HEAD OF SIXTH FORM

In the comment I wrote for last year's Yearbook I talked about how unique and different 2019 / 2020 had been due to the impact of the Covid 19 pandemic. Little did I realise that I would still be talking about those impacts a year on. Our Sixth Form students have continued to deal incredibly well with the major disruption caused by the changes to the way the school is able to operate. I would however warn against the growing acceptance of the 'new normal' we find ourselves in. We need to recognize just how exceptional these circumstances are and how amazing it is that we have all just 'dealt with it'.

Despite the restrictions, the Sixth Form have continued to be busy both with our own endeavours and as part of the broader school community. We have shown our school spirit in Barber Hall, not just during Spirit Week, but with video assemblies and helping out at whole school events. One of the most notable additions this year has been the role of helping with temperature checks for the Primary students as they enter school each day. It is no overstatement to say that without the volunteer hours put in by Sixth Form students, the Primary school would not have been able to operate this year. Other changes included getting used to wearing masks in class and sitting at individual desks. We became spaced out in the Common Room, although I'm not sure that was new for all of us, and we were even encouraged not to come to school (when we had a free period of course). One event that was particularly special was the Sixth Form Sports Day. Whilst it is great to share with the whole school in events, it was also nice to have a more intimate event in our own bubble this year.

Of course, the end of the academic year does mean that it is time to say goodbye to our graduating class. The 49 students in this Y13 group will be remembered not just because their group photos will all be masked, or that they were recipients of a Grad Bus tour, but also because they proved that it was possible to be role models for younger students in a remote world. I wish the Class of 2021 all the best as they go into adult life and trust that they found some time to relax over the summer before they ventured out to populate the higher educational institutions of the world. I am sure they will take many fond memories with them and have made friendships that will endure for many years to come.

My thanks go to the staff at Warwick Academy for their hard work, enthusiasm and dedication to the success of all our Sixth Form students. I would like to extend my thanks to Sara Jackson (Director of Sixth Form Studies); Shelly Grace (Assistant Head of Sixth Form); Sarah Taylor (Guidance Counsellor); and our team of Sixth Form homeroom tutors for going the extra mile to ensure our students were successful, as well as for putting up with my many quirks and eccentricities. I'd also like to wish Mrs. Taylor good luck as she heads to pastures new next term.

Let's hope that next year we will be able to get closer to a state of normality and that there will be less distance in our lives, both social and academic,

Ralph Woods
Head of Sixth Form

WA Poetry

Lost in the stars

Lying here on the soft green grass,
I gaze up at the stars.
The only thought swirling through my mind,
How beautiful they are.

For down here on the earth and ground,
So many things go wrong.
But when when my head is in the clouds,
I feel powerful, and strong.

Those lights that hang from the heavens,
They're much too far from here.
From all the chaos and struggles of the earth,
I wish they could come near.

'Cause then I could escape this world,
And lose myself among the stars.
The only thought swirling through my mind,
How beautiful they are.

Up there I have no worries,
Up there I am so calm.
Up there I never realize,
The troubles the world places in my palm.

And for that escape I am grateful,
I really am, It's true.
But sometimes I need to keep my feet on the ground,
And notice anything that comes at me out of the blue.

'Cause then I can fix all the bad things,
And turn them into good.
And I won't need my starry escape,
For there won't be any troubles to elude.

Actually, thats a lie,
There will always be a few.
But I won't dwell on those,
They'll just put me in a bad mood.

Instead I'll attempt to fix them,
Just like all the rest.
I'll try to be happy with myself,
And gone be the burden on my chest.

Last year was quite a struggle,
It shoved me to the ground.
But I'll always get up again,
And make it through, safe and sound.

Amelia Currie
Year 7
2nd place winner in the TAB poetry contest

Hope is like a handle.

Hope is like a handle,
A handle to the door of your dreams.
Like a small candle
A light in the dark, you the beams.

a Newsworthy Family

My family lies within our daily newspaper.
My Dad is the comics: always cracking jokes.
My Mom is the food and weather; always cooking up a storm.
My brother is the crossword puzzle; he doesn't have a clue.
My cat is the ads; popping up everywhere.
And me, I'm the colour - vibrant and bright.

Covid Blues

We are all in online learning;
There is a virus that's returning
We can't leave our homes;
Are stuck on our phones;
This state is very concerning.

The Ocean Blue

The ocean is bright
It's very spectacular
And shimmery too

Rushing blue green tide
Waves from hidden places
Underwater world

Smell of salt water
Pink sand hot under my feet
A pretty white shell

Nh'lae De Roza
Year 8

Beaches Abound Here

I love Bermuda.
Especially its beaches
Sparkling at dawn,

With very soft sand
Coral, algae, red forams
Shades of pink and beige,

With warm salt water,
Turquoise ocean, sapphire blue
Waves crashing the shore.

With white limestone cliffs
Longtails soaring in the sky.
Beaches abound here.

Chloe Sanuels
Year 8

Leaves
in my backyard.
Reds yellows oranges
overlapping colours.
Soft textures, hard ridges.
Overgrown and flourishing.
Taking over the trees
and the grass.
Sun reflecting,
small translucent
dew drops,
creating vivid
pictures.
Leaves.

Elana Fulton
Year 8

I am listening to Bermuda

I am listening to Bermuda, closing my eyes tight:
An early dawn breeze brushes up against my face
And golden sunlight shines on the skin.
In the distant tiny kiskadees sing,
Jingling like bells.
I am listening to Bermuda, closing my eyes tight.

I am listening to Bermuda, closing my eyes tight:
Suddenly, the herons cry,
And water clashes against the rocks.
Surrounded by water,
Isolated from everything else,
The quilt of blue, lays still.
I am listening to Bermuda, closing my eyes tight.

I am listening to Bermuda, closing my eyes tight:
The wind sprints across the field;
Kids' smiles gleam and hearts glow.
The whistle's high pitch notes ring like an alarm,
And the children tumble in.
I am listening to Bermuda, closing my eyes tight.

I am listening to Bermuda, closing my eyes tight:
Carts bang like bumper cars
And the busy workers pack bags and swipe cards.
People go searching for the final puzzle piece.
Searching for the perfect 'Snow White' apple,
I hear the rush hour traffic gather.
I am listening to Bermuda, closing my eyes tight.

I am listening to Bermuda, closing my eyes tight:
I see a full flock of ducks still dripping;
Covered in water droplets
And precise mud spots.
They get closer and their quack clearer.
I am listening to Bermuda, closing my eyes tight.

I am listening to Bermuda, closing my eyes tight:
Rough chalk echoes the sound of her voice,
The one in the lilac top with tiny butterflies,
Your seam is unraveling, not sure you notice.
I sense the tension in your voice.
I am listening to Bermuda, closing my eyes tight.
